## Forced action mixers from Baron are in uncompromising quality

We have produced forced action mixers since 2006. The vision was from the beginning to develop a range of forced action mixers in an uncompromising quality to the professional user. We think that we have achieved this goal.

We always focus on function, safety and ergonomics, which means that we today offer mixers of an extremely high quality and efficiency.

Through constant development and with the knowledge that even the smallest details are of importance, we have reached a unique position on the world market and today we export to more than 40 countries.

The latest news is the development of the EasyClean® system, which makes the cleaning of the mixers very easy, saves time and extends the life span.

# Powerful and efficient forced action mixers at the right price

## E-LINE

The right choice for the demanding, professional user. Here you get the best value for money without making any compromises on the well known Baron virtues. Quality, durability and efficiency comply completely with even the highest demands.

### BARON E90

- Large motor with plenty of power
- High quality and finish
- Interchangeable mixer shovels
- Automatic emptying of container
- Large transport tyres make it easy to load the mixer
- Pneumatic wheels for better comfort

**VARIO!** E90 can be delivered with Variospeed as an option. The speed of the mixer can vary from 0-55 r.p.m.

### BARON E120

- Efficient and easy handling
- Security switch on the lid provides high security
- Adjustable mixer shovels
- Long lifetime
- Easy to clean
- Positioning bolt secures the cover during use/transport

**VARIO!** E120 can be delivered with Variospeed as an option. The speed of the mixer can vary from 0-55 r.p.m.

### BARON E200

- Large and very robust 2.2KW motor/gear
- Can be operated by one man
- Optimum performance and handling
- Easy to clean and maintain
- Quick, efficient mixing and large capacity
- Easy to load in combination with our 2.5 m conveyor

### BARON E300

- 4KW motor with extremely power reserve
- Maintenance free high quality gear
- 3 telescope legs make the mixer very stable
- Lifting brackets and truck fittings
- Powerful, durable container

**Accessories for E-Line:**  
Rubber shovels, transport arm with tow coupling, CE-extension cable and dust lid.

	E90	E120	E200	E300
Voltage (Volt)	1x240	1x240	3x400	3x400
Motor (KW)	2.0	2.0	2.2	4.0
Voltage (Volt)	1x110	1x110	1x110	3x400
Motor (KW)	2.0	2.0	1.8	4.0
Gear/RPM	32	32	32	32
Container capacity (L)	101	117	200	300
Mixing capacity (L)	85	104	167	256
Width x depth x height (CM)	64 x 80 x 107	64 x 80 x 116	78 x 105 x 116	100 x 142 x 122
Weight (KG)	80	90	180	245

**IMPORTANT!** Our machines comply with the latest CE approval standards according to applicable EU-Directives.

# EasyClean® - time is money

**Get rid of the hard cleaning and spend your time better**

EasyClean® is a lining which fits the BARON forced action mixers and which reduces the cleaning time considerably

Furthermore your fantastic BARON forced action mixer lasts even longer, as it can be completely clean and doesn't need strokes and sandblasting in order to remove the set remains

The EasyClean® system is developed based on feedback from customers and end-users, who think that they spend too much time on cleaning the forced

action mixer, especially if the mixer is not cleaned directly after use.

EasyClean® is an optimum system, when you mix with glue eg. for floorings or rubber granules. The only thing you need to do now, is to remove the lining after use and the mixer is immediately ready for the next task.

The time you save on cleaning, can now be used for production!

# When only the best is good enough

All Baron products are produced by Baron A/S in Denmark in the EU and meet the strictest requirements for function, quality, efficiency, durability and security.

All our products are developed by our own engineers and designers in close co-operation and dialogue with our customers. The products are not launched until after thorough testing.

Baron A/S has a clear goal to be the market leader within our product range. We ensure this goal through targeted product development and strict quality control.

With focus on innovation, design and competitive solutions, we always offer the right product at the right price.
